Vehicle Service Contracts

Disclaimer: This brochure is a summary of the benefits available. For complete information including details of benefits, coverage, specific exclusions, and limitations please refer to the complete terms and conditions of the vehicle service contract. A vehicle service contract is optional, cancellable and in no way required to obtain credit. A vehicle service contract is not a warranty.

In Florida, the Administrator/Obligor of the vehicle service contract is Lyndon Southern Insurance Company, 10751 Deerwood Park Blvd., Ste. 200, Jacksonville Florida 32256; Florida License #03698. All claims must be pre-authorized before repairs are made. Parts of like kind and quality may be used.

Our protection plans are very simple.

Next Level Protection Plans offer only exclusionary coverage.

This coverage is so inclusive that instead of listing all the parts that are covered on your vehicle, we give you a short list of components that are not covered instead!

Our protection plans provide coverage for virtually all mechanical and electrical components, except for those listed in the 'exclusions' section of the vehicle service contract. Examples of excluded items are glass, batteries, tires, light bulbs, brakes, maintenance and trim or moldings.

Optional Surcharges

- Commercial Use
- Hybrid Battery Replacement
- Ride Share

Any Model Year, Any Mileage*.

Whereas most vehicle service contracts exclude high mileage vehicles or have limits to model years, Next Level Protection Plans allow for all vehicles, regardless of the model year or the mileage*, to be eligible for coverage subject to the terms and conditions of the vehicle service contract.

This allows you to protect your vehicle even if it typically would be ineligible for a service contract.

(* Up to a maximum of 280,000 miles.)

And, if you have a 'Next Level' car, we can cover that, too.

(Ask your dealer for details.)
